# List of Active Plugins:

**Awesome Weather Widget**-A weather widget that actually looks cool

**bbPress**- bbPress is forum software with a twist from the creators of WordPress.

**BuddyPress**- BuddyPress helps you build any type of community website using WordPress, with member profiles, activity streams, user groups, messaging, and more.

**BuddyPress Captcha**- This plugin adds a reCAPTCHA form to BuddyPress registration form to keep your community spam free.

**Business Directory Plugin**-Provides the ability to maintain a free or paid business directory on your WordPress powered site.

**Contact Form 7**-Just another contact form plugin. Simple but flexible.

**Contact Form DB**- Save form submissions to the database from Contact Form 7, Fast Secure Contact Form, JetPack Contact Form and Gravity Forms. Includes exports and short codes.

**Email Users**- Allows the site editors to send an e-mail to the blog users.

**Hide This**- This plugin provides a shortcode that lets you hide some parts of the content from your posts and pages. You can easily manage inclusions and exclusions for hidden content in three levels: absolute, groups and capabilities, and specific user.

**Membership 2**- The most powerful, easy to use and flexible membership plugin for WordPress sites available.

**Multisite User Sync**-Multisite User Sync will automatically synchronise users to all sites in multisite. Roles of users will be same on every site. If Role change in one site it will also synchronise to all site. If new user/site created it will also add to all site/users.

**Nav Menu Roles**- Hide custom menu items based on user roles.

**Ninja Forms**- Ninja Forms is a webform builder with unparalleled ease of use and features.

**Page Builder by SiteOrigin**- A drag and drop, responsive page builder that simplifies building your website.

**SiteOrigin Widgets Bundle**- A collection of all widgets, neatly bundled into a single plugin. It's also a framework to code your own widgets on top of.

**The Events Calendar-**The Events Calendar is a carefully crafted, extensible plugin that lets you easily share your events. Beautiful. Solid. Awesome.

**Theme My Login-** Themes the WordPress login, registration and forgot password pages according to your theme.

**Toolset Types-** Toolset Types defines custom content in WordPress. Easily create custom post types, fields and taxonomy and connect everything together.

**UpdraftPlus - Backup/Restore-** Backup and restore: take backups locally, or backup to Amazon S3, Dropbox, Google Drive, Rackspace, (S)FTP, WebDAV & email, on automatic schedules.

**User Role Editor-** Change/add/delete WordPress user roles and capabilities.

**Virtue / Pinnacle ToolKit-** Custom Portfolio and Shortcode functionality for Virtue and Pinnacle Wordpress Theme

**Widget Logic-** Control widgets with WP's conditional tags is\_home etc

**Wordpress File Upload-** Simple interface to upload files from a page.

**WP Approve User-** Adds action links to user table to approve or unapprove user registrations.

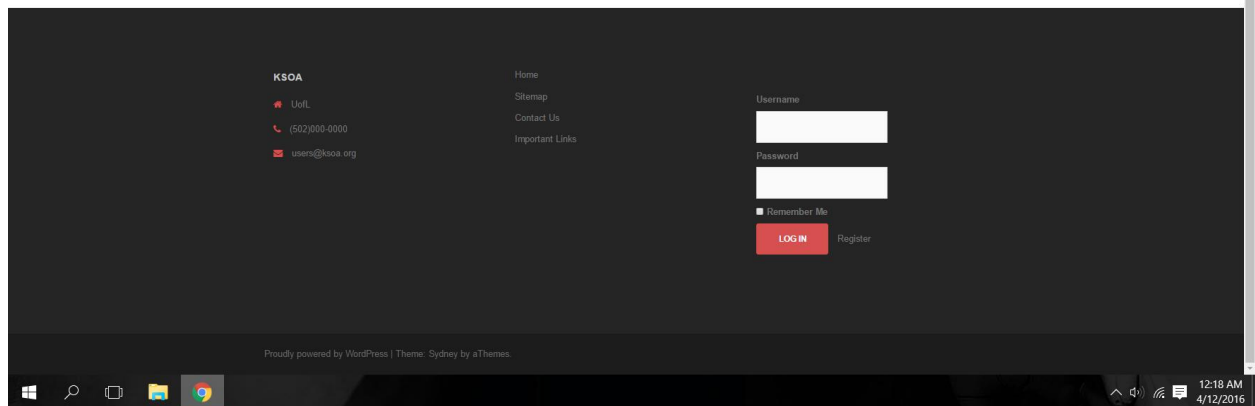

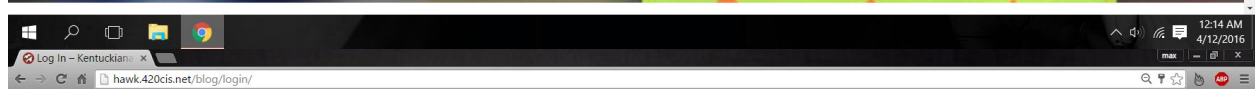

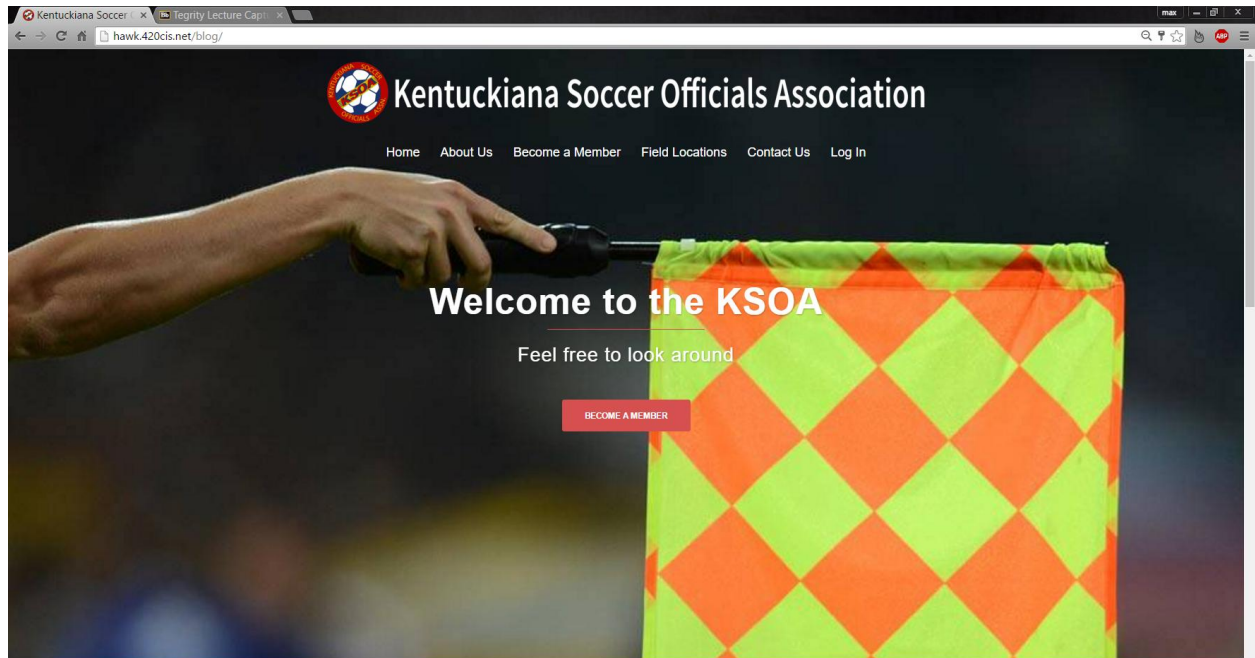

**WP Roles at Registration-** This plugin asks the user to choose his role in the website during registration from a list of selected roles. Works with BuddyPress also.

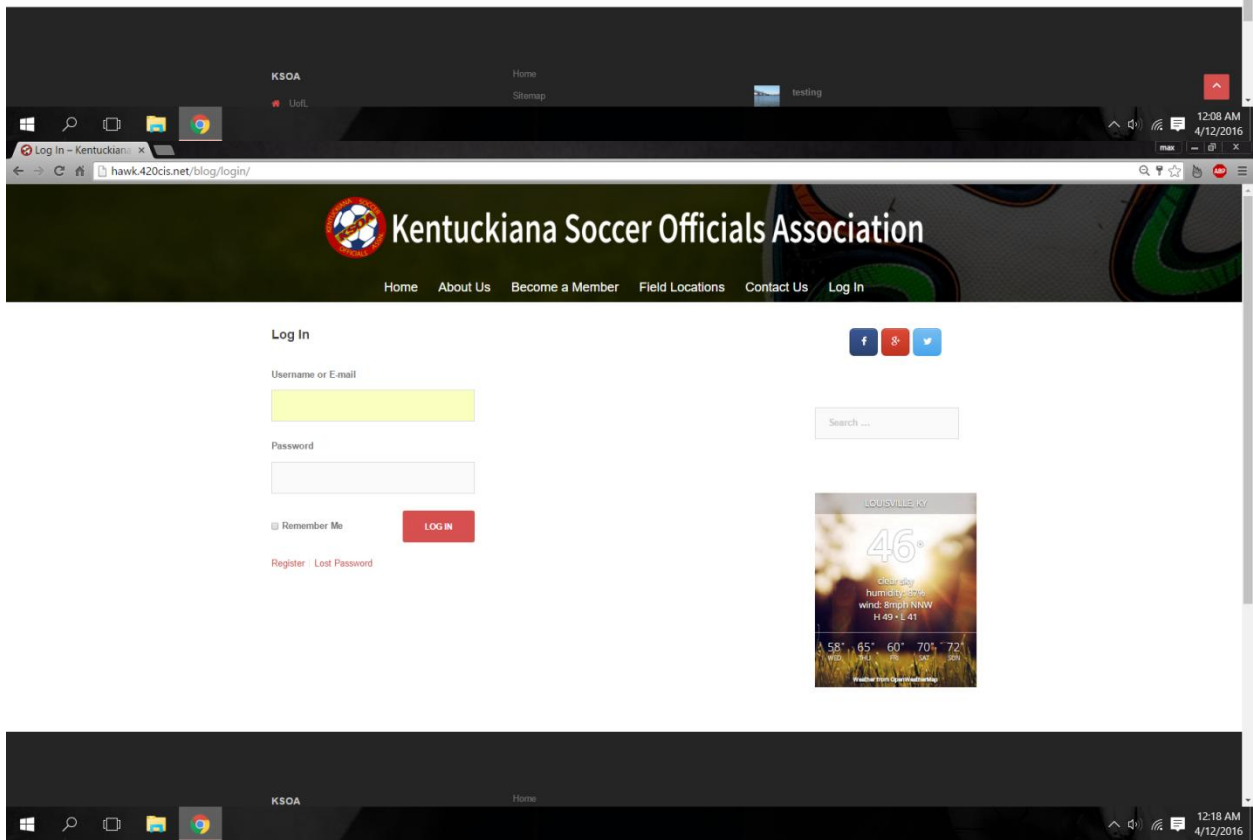

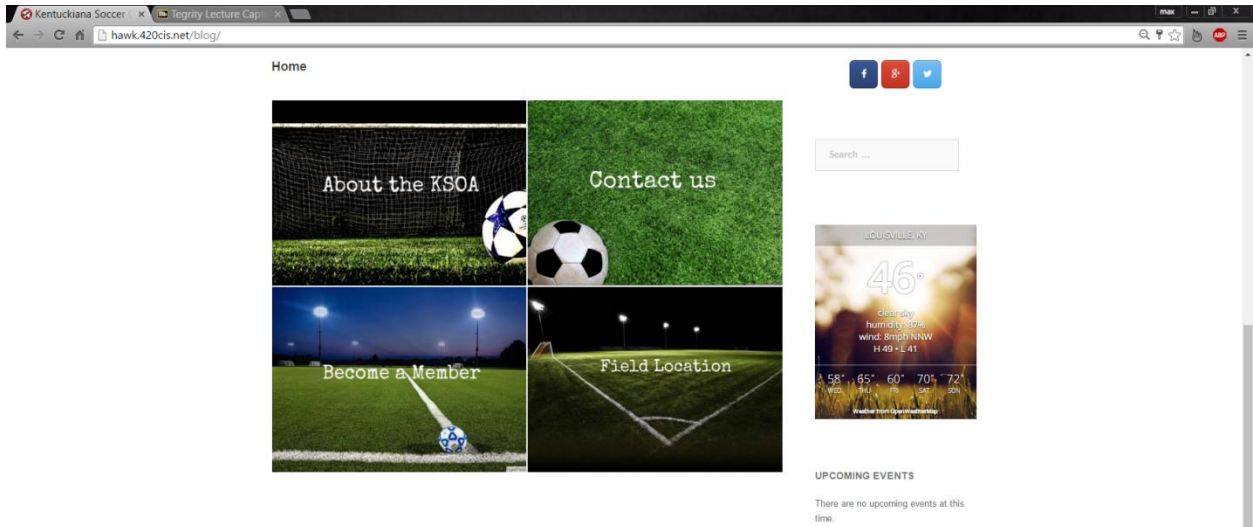

**WP Sitemap Page-** Add a sitemap on any page/post using the simple shortcode [wp\_sitemap\_page]

**WP Store Locator-** An easy to use location management system that enables users to search for nearby physical stores

**WP-Polls-** Adds an AJAX poll system to your WordPress blog. You can easily include a poll into your WordPress's blog post/page. WP-Polls is extremely customizable via templates and css styles and there are tons of options for you to choose to ensure that WP-Polls runs the way you wanted. It now supports multiple selection of answers.
